APPROVAL OF STATE ENGINEER
This is to certify that I have examined the foregoing application,
and do hereby grant the same, subject to the following limitations and
conditions:
This permit to change the manner and place of use and correct the point of diversion of the waters of an underground source in the Las Vegas Artesian Basin as heretofore granted under Permit 13509 is issued subject to the terms and conditions imposed in said Permit 13509 and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.
The amount of water to be changed shall be limited to the amount which
can be applied to beneficial use and not to exceed 2.0
cubic feet per second.
Actual construction work shall begin on or before September 13, 1957
Proof of commencement of work shall be filed before October 13, 1957
Work must be prosecuted with reasonable diligence and be completed on or
before September 13, 1958
Proof of completion of work shall be filed before October 13, 1958
Application of water to beneficial use shall be made on or before
September 13, 1960 . Proof of the application of water to beneficial
use must be filed with State Engineer on or before October 13, 1960
